

PETITION FOR SANITARY SEWER EXTENSION

Issue Date: _____

We, the undersigned property owners, do hereby petition the Board of the Allen County Regional Water and Sewer District to investigate the feasibility of Municipal Sanitary Sewer Service.

We also request that the Board investigate potential costs for service and understand that by signing this petition we are not committing to proceed with the project. We further understand that another round of meetings, complete with mapping and planning level estimates of costs coupled with a post-estimate survey vote would be a minimum requirement before detailed engineering plans and specifications would be prepared.

Signatures (no minimum amount is required. However, a majority of the affected properties is recommended)

Signature	Printed Name	Property Address	Phone Number
